

# Whitney Is Facing Grand Jury Trial In Firm's Failure

**Financier Obtains Stay on Arraignment Until Monday—State to Investigate Financial Tangle**

**Broke Trust Fund**

Whitney, free on bail, is booked in routine manner in New York City

New York, March 11 (AP).—Investigation into the tangled financial affairs of Richard Whitney, former president of the New York Stock Exchange, centered today on the pending federal grand jury probe and State Attorney General John J. Bennett, Jr.'s broad inquiry.

Whitney, through his counsel, Charles H. Tuttle, Republican leader, asked and obtained a stay until Monday of his arraignment on a first degree grand larceny indictment obtained in record time yesterday by District Attorney Thomas H. Dewey. He is accused of taking \$105,000 from a family trust fund.

**Broke Trust Fund.**

The heavy-set, grave Whitney, five times the president of the Stock Exchange and Wall Street leader through the credit years of the depression, was charged with appropriating securities of an "aggregate value of about \$105,000" for personal loans, from a fund established by his father-in-law, the late George R. Sheldon, leaving in the fund only a single share of Bethlehem Steel Company stock with a market value of \$55.

While Whitney silently went through the police routine of being booked and fingerprinted, and posted bail, inquiries into the collapse of Richard Whitney & Company went ahead on five other fronts, with at least two of them holding a possibility of additional criminal action.

These two were in charge of Gregory F. Noonan, assistant United States attorney, and Ambrose V. McCall, the state attorney general's assistant.

**Other Probes**

In addition, the stock exchange, securities and exchange commission and Irving Kurtz, referred to bankruptcy, were looking into the rapidly-expanding ramifications of the case.

Most of the testimony thus far made public came from the McCall investigation. Witnesses there testified that Whitney:

Did not tell his partner, Edwin D. Morgan, Jr., until last Sunday that bankruptcy threatened their firm.

Transferred to the firm a personal debt on an old note held "certain" J. P. Morgan company partners, and having a present face value of \$174,000.

Took into his personal custody from the firm's custody \$798,376 of securities, a large portion belonging to customers.

**Yacht Club Securities**

Transferred to his personal custody \$125,000 of securities belonging to the exclusive New York Yacht Club, of which he had been

## Bud Contest Vote

**High School Selects Five Students—One Will Be Selected March 23**

Although six girls were named yesterday by Kingston High School students to compete in a final contest March 23, to determine who will be the school representative for blossom queen at the Ulster County Apple Blossom Festival, only five will be balloted. It was announced this morning that one of the candidates selected in the event yesterday withdrew today, Miss Louise Kearney refusing to compete.

Others named were Miss Jane Hall, Miss Olive MacDaniel, Miss Martha Joan Bernstein, Miss Virginia Whitson and Miss Agnes Cafaro.

The vote was conducted through Miss Kumor, high school publication, ballots being counted by a committee composed of faculty members. Students were permitted to name anyone to their liking, but in the final contest the voting will be limited to the five names having the highest votes.

The winner will compete with other high school girls at a contest to be staged the last week in March, when eight girls will be named from contestants of all county high schools, then to compete in a final event against four girls recently selected by the Junior League contest.

## Curb Officer Testifies in Crash

Martin J. Keena (above), assistant secretary of the New York Curb Exchange, is shown being sworn in as first witness in the state's probe into affairs of the bankrupt brokerage firm, Richard Whitney and Co. Richard Whitney himself was indicted by New York's District Attorney Thomas Dewey, on charges of misappropriation of funds. Complainant was Whitney's sister-in-law, Mrs. Mary Sheldon Murphy.

## Attempt to Add Surtax On Family Businesses To Tax Measure Fails

**House Kills Administration Proposal for Special Surtax on Closely Held Corporations by 233 to 153 Vote—Paves Way for Final Action and Confirms Earlier Stand**

Washington, March 11 (AP).—The House killed today an attempt to put back in the tax revision bill an administration proposal for a special surtax on family owned and closely held corporations.

Speaker Bankhead announced that the roll call vote was 233 to 153.

The action paved the way for a vote on final passage of the hefty revenue measure.

Republicans and rebellious Democrats refused for a second and final time to include the "11" surtax on closely held companies in the bill.

They have contended it would subject legitimate business enterprises to a punitive tax in an attempt to reach a few firms that might be used for tax avoidance purposes.

Backers of the surtax said it was a means of attaining equity in taxation and wiping out some of the tax advantages which they said closely held firms have had over those with wide stock ownership.

The tax would have affected all corporations with net incomes in excess of \$75,000 whose stock was owned by members of a family or a group of no more than 19 associates.

The House had agreed tentatively, by a 159 to 124 vote, on Wednesday to strike the "11" tax from the bill. Today's ballot merely ratified that decision.

Supporters of the tax, which was eliminated from the bill Wednesday, declared its removal would lower the revenue yield by about \$40,000,000 and that even if it were restored the bill would bring in \$22,000,000 less than the \$5,334,900,000 provided by present law.

There also was argument over how much tax provisions substituted for the 20 per cent surtax would provide.

While the House wrangled over the taxing measure, a Senate Judiciary subcommittee approved the nomination of Thurman W. Arnold to be assistant attorney general in charge of the justice department's anti-trust division. He will succeed Robert H. Jackson.

## Roosevelt Issues Human Needs Plea

Washington, March 11 (AP).—President Roosevelt, opening the Nation's Annual Community Chest Campaign declared that "only in jobs and more jobs, at good pay, shall we find national stability and individual security."

Addressing a meeting of the mobilization for human needs in the East room of the White House, the President appealed for a "united front" in making the 1935 private charity program a success.

## Barbers Sign Most Journeymen Here To Fair Trade Code

**Compliance of Holdouts Expected by Monday or Tuesday, Union Representative Says Following Holiday**

## Price Agreement

**New Code Provides Minimum Charge for Haircuts and Shaves—Sanitary System**

As a result of the "barbers' holiday" Thursday journeymen barbers of the city have won practically a complete victory and with a "few" exceptions the master barbers have signed up with the movement for a minimum hour and wage scale as well as adopting the minimum price scale for work done.

The matter of sanitary conditions in all shops was discussed at an afternoon session at Lorch's Hall, where the barbers held their meetings and it was stated that work on a proposed city ordinance establishing sanitary regulations would be completed shortly and submitted for adoption.

## Most Shops Sign

According to Charles LaMotte, international representative of the Journeymen Barbers' Union, agreements were signed Thursday by all but a few of the local shops and it is expected that by Monday or Tuesday all of the shops in town will have agreed to the new provisions governing operation of shops. In a few cases, however, the master barbers refused to sign the new code because of absence of the proprietor from town or for other reasons but it was stated by LaMotte, president of the barbers' local, that 100 per cent cooperation would be had by early next week.

Several who have not yet signed have indicated their intention to do so, he said.

At the opening of the "holiday" Thursday morning every shop but one joined in the movement. At the afternoon session all shops but four were represented at the meeting.

## Minimum Prices

Keeping their pledge to customers that they would not seek to raise prices, the new agreement provides for a minimum price of 40c for haircuts and 20c for shaves. This was the prevailing price in the larger shops but several of the smaller shops had been charged with "cutting prices" and haircuts in some shops could be had for a quarter and shaves for 15 cents. It was the elimination of these "cut-throat" prices which was one of the main objects of the drive. Another was the establishing of a minimum wage scale and uniform closing hours.

## Others Won't Reduce

While the minimum price for haircuts and shaves will be 40c and 20c those shops which have been charging less than 25c in the past will continue to make those charges. A scale of minimum prices for other work done was also agreed upon.

Under a wage agreement with master barbers the minimum salary for a barber was established at \$17 a week with 65 per cent of all the chair receipts over \$25.

In the past it was claimed some barbers were receiving a minimum of \$8 per week.

## Hours Regulation

The uniform closing hour regulation establishes the working hours from 8 in the morning until 7 o'clock in the evening, except on Saturdays and the day before a holiday when the closing hour will be 9 o'clock. Each barber will be given a half day off each week, the time off to begin at 1 o'clock.

In order to guarantee that the boss barbers signing up for the new scale will comply with the terms of the agreement each shop will put up \$100 as a bond to be forfeited in case of a violation of the agreement.

Thursday afternoon at 2 o'clock there was a discussion at headquarters over establishment of sanitary conditions in all shops and a general discussion over adoption of the new demands and agreements.

This morning all shops were open for business as usual.

## U. S. Fleet Ready

**Monday Will See Start of Annual Spring Maneuvers in Pacific**

San Pedro, Calif., March 11 (AP).—Operating in wartime radio silence, the United States fleet loaded food and fuel today aboard more than 100 ships in the San Pedro-San Diego area for spring maneuvers in the Pacific next week.

Departure of the first fleet units was unofficially reported set for Monday.

# Nazi Troops Cross Border To Austria; Schuschnigg Resignation Is Expected

**Gambling Devices And Slot Machines Will Be Cleaned Up**

**Bold Invasion**

**Believe Vigorous Campaigns Elsewhere Have Driven Machines Into Ulster**

Illegal slot machines and gambling devices which have begun to make their presence prominent in various sections of the county during the last several months, will be the target for a drive which has been started throughout the county. Following numerous complaints to District Attorney Cleon H. Murray of the bold manner in which the machines are being displayed for play, Sergeant E. J. Hulke, of the New York State Police at Highland, has been instructed to institute a campaign to wipe out the machines.

The drive was started Thursday when Sergeant Hulke issued orders to state troopers in this area to warn owners of machines that they must be made away with. The dead line has been set for Monday, March 11. Machines found in business places prior to that time will be checked and the owner of the place warned to dispose of them. If the machines are not cleaned out by March 11, steps will be taken to prosecute the owners of places which permit the machines in the places.

Many are "Gams."

Many of the machines which have been complained of are the type of machine which pretends to be a "game" but which in the eyes of the law is a gambling device. It is to these machines that the drive will be directed.

Sergeant Hulke said that of late the proprietors of places have been permitting the machines to be installed and the number has been on the increase. The result has been that numerous complaints are being received and Mr. Murray has directed that a campaign be instituted to clean out the illegal machines.

The troopers who started to work on the campaign Thursday were Sergeant Hulke, Troopers Reilly and Keefe and several warrants have already been issued. Arrests will be made starting Monday.

The influx of machines in Ulster county may be due to the activities of adjoining counties which have been conducting a drive against the machines. Owners of the machines, driven out of adjoining counties, have apparently been planting their machines in Ulster county.

**Campaigns Nearly**

Sergeant Hulke called attention to the fact that a very active campaign against the illegal slot machines had been carried on in Orange county and also in Delaware county. In Delaware county a campaign has driven out most of the illegal type of machine and in the general clean-up of that county various games of chance were found and closed. In one instance where a "bank night" had been conducted without strict compliance with the rule a complaint was made and the operator was compelled to eliminate the gambling element of the "bank night."

Although there have been numerous complaints received and several persons prosecuted for having illegal slot machines in their possession during the past couple of years, there has been no general clean-up. The present investigation is being conducted in a different manner.

(Continued on Page 11)

## Relief Becomes Big Issue in Autumn Political Battle

Albany, N. Y., March 11 (AP).—Unemployment relief was a theme in the fall political campaign fought today in the wake of a new verbal exchange between Governor Lehman and New York Mayor Fiorello LaGuardia over responsibility for caring for the jobless in the nation's largest city.

The Republican-Fusion mayor told the governor in his second letter within a week that the state soon will be compelled to face New York's "actual relief situation" unless the state gives the city a greater percentage of relief funds or permits new taxing powers.

The Democratic governor retorted in his reply that it is New York's responsibility to take sufficient funds to pay for relief, and that the city has ample power to levy emergency taxes.

In raising funds for relief, Lehman wrote LaGuardia, "both the state and city will undoubtedly face grave difficulties. The maintenance of the policy of mutual responsibility, as in the past, is the only way, I believe, that relief can be carried on adequately in this state."

**Verbal Exchange**

LaGuardia, in opening his letter, termed the governor's "outburst" in a previous letter "unbecomingly the dignity and decorum of your high office," bringing a reply from Lehman that:

"Even though you and I may not always see eye to eye on the question of duty and decorum in high office, I am quite satisfied to maintain the same standard in this state."

**Two Killed**

Vienna, March 11 (AP).—One Nazi and one Fatherland Front member died today, victims of Austria's bitter political strife, which increased in intensity as Sunday's independence plebiscite neared.

The Nazi stabbed last night in a minor Nazi-Fatherland Front

(Continued on Page 13)

## C.I.O. A Target

**A.F.L. Leader Green Invades Mine Empire to Fight John L. Lewis**

Charleston, W. Va., March 11 (AP).—President William Green of the A. F. of L. carried his fight with John L. Lewis, CIO chief, into the heart of his opponent's mine empire today with a statement that the miners are the bill payers—the holding company for the CIO.

Here to align the State Federation of Labor, after the United Mine Workers led a swing to the CIO, Green shouted last night to a gathering:

"For 60 years the A. F. of L. has stood for democratic procedure... the rule of the majority. The issue is:

"Shall we be ruled from the top down—or from the bottom up?"

"You miners," he said to his audience, "paid \$1,319,298.55 in dues in the six months ending December 31, 1934. Where did it go? To feed the needy and aid the jobless in the ranks?—No. 'Every penny went to the CIO.'"

**Minister of Interior Said to Have Presented Demand "Like an Ultimatum" for Cancellation, Postponement**

**No New Date Set**

**Threat Made Germany Would Enter Austria—Observers Believe Cancellation Likely**

Vienna, March 11 (AP).—The Austrian government press bureau announced tonight that German troops had crossed the Austrian border at Passau.

Austrian troops were ordered to fall back without resistance.

A high official said that the resignation of Chancellor Kurt Schuschnigg was expected.

Vienna, March 11 (AP).—The government announced tonight that the plebiscite on Austria's independence had been postponed.

The announcement followed reports that Germany and Austria's Nazis had exerted powerful pressure to avert the referendum, which Chancellor Kurt Schuschnigg had called for Sunday.

It came as Austria was summing the aspect of an armed camp, with elastic in many cities between the Nazis and Fatherland Front supporters of Schuschnigg a fight for independence.

Arthur Seydewitz, Austrian minister of the interior and close friend of Germany's Reichsfuhrer Hitler, was reported to have presented a demand, "like an ultimatum," for cancellation or postponement of the referendum.

**No New Date**

No new date was set for the plebiscite.

The postponement meant Schuschnigg had bowed to Hitler. Franz von Papen, the German ambassador, flew to Berlin this morning and returned to Vienna by special airplane this afternoon with Hitler's ultimatum against the vote.

To a hurriedly summoned cabinet session, Seydewitz also presented a stern demand for the discharge of Dr. Michael Stenkl, director of security, other officials and provincial governors.

An alternative proposal was Schuschnigg's own resignation.

**Germany Would Attack**

Otherwise, the threat was made that Germany would enter Austria.

Neutral observers believed the indefinite postponement meant cancellation.

The official explanation was that the chancellor had postponed the vote after redoubling the matter with President Wilhelm Mikla.

Another demand attributed to Seydewitz was that Nazi S.A. and S. units (Nazi guard corps) be incorporated into Austria's security force, including the gendarmerie and police.

The S.A. had been ordered an obstacle to Seydewitz's complete control of the Austrian police.

**Two Killed**

Vienna, March 11 (AP).—One Nazi and one Fatherland Front member died today, victims of Austria's bitter political strife, which increased in intensity as Sunday's independence plebiscite neared.

## Blum Refuses to Tell Foreign Policy

Paris, March 11 (AP).—Premier-designate Leon Blum refused today to disclose his foreign policy until assured of Radical-Socialist support, threatening a deadlock in France's efforts to set up a new cabinet amid alarming developments in central Europe, including German troop movements on the Austrian frontier.

Yvon Delbos, foreign minister in Camille Chautemps' resigned cabinet, conferred with Count Johannes von Welczek, German ambassador to France, immediately on hearing of troop movements on the Austrian border. All Chautemps ministers remained in their posts.

Blum, Socialist leader, trying to form a new people's front government with Communist members, insisted on knowing whether Radical-Socialists, more conservative than Socialists and Communists, would participate before stating his policies. Communists never have served in a French cabinet.

Blum was designated by President Albert Lebrun to solve the cabinet crisis after the resignation of Premier Camille Chautemps, who failed to gain support of his demands for decree powers to control the franc.

Blum sought to placate conservative opposition by conferring with Paul Reynaud, Centrist party leader, who was widely mentioned for finance minister.

Bringing Reynaud into the cabinet was a project which Blum attempted last January after Chautemps' first peoples front ministry collapsed.

The falling franc, the necessity of creating confidence for successful flotation of a \$316,000,000 national defense loan Monday, and the urgency of a solid front to face events abroad such as the threatened disorders in Austria and the London-Rome peace negotiations forced French statesmen to seek a speedy solution of the crisis.

### Local Naval Man Is Character in True Story

A book recently acquired by the Kingston Public Library which should be of peculiar interest to Kingstonians is Commander Ellsberg's widely advertised "Hell on Ice." This is the story of the DeLong Expedition, 1873, in the three masted barque, Jeanette, to discover the North Pole. Second in command, as executive officer, was a young naval man, Charles Chipp, of Kingston, a cousin of the late Howard Chipp and the uncle of the Misses Edith and Alice Scott, James and Commander David A. Scott, formerly of this city. Lieutenant Chipp was among those who never returned

from that ill-fated voyage. In his case there was a very personal tragedy. At the time he was engaged to his cousin, a very beautiful girl, Miss Amy La Forge, whom many still living remember since she outlived him many years, as some, still older, may recall the family's days of anxious waiting, the hopes which died so slowly and were finally given up for that gallant band of men who went to their death in the icy fastnesses of the frozen north.

#### Sixteenth Birthday

Miss Virginia Van DeMark will celebrate her 16th birthday at her home, 165 Cedar street, tonight by having a few close friends for dinner, which will be followed by all attending the 9 o'clock presentation.

### WORKERS FLEE FLAMES IN DETROIT BUILDING

Scores of crippled or handicapped workers employed in a downtown Detroit building by Goodwill Industries, Inc., fled before flames which swept the structure. Several of the workers were burned or injured in making their escape. One man was hurt in a leap from the fourth floor when he bounced out of a safety net.

### Final Plans Made For Legion Party

Final preparations for the gala Birthday Party of Kingston Post, No. 150, American Legion, were discussed at a meeting of the committee last evening. The affair will be staged at Spinnaker in Port Ewen, Tuesday evening, March 15. The date marks the anniversary of the founding of the Legion 19 years ago in Paris. The national organization plans to commemorate the occasion in various ways, one of them being a big radio program at midnight. A message from National Commander Daniel J. Doherty and various remote pickups all over the world will be featured in the hour's program.

Past National Commander Edward B. Spafford, of New York, who has accepted the invitation of the committee to be among the guests will be introduced by Mayor C. J. Heiseleman and Commander Spafford are friends of long standing and the former is well qualified to introduce the popular Legion leader.

Past Commander Lester C. Elmendorf reported at the meeting that he had contacted all of the living past commanders of Kingston Post in an effort to have them attend the birthday party. It is planned to have all of the past commanders of the post and past presidents of the ladies auxiliary present to take part in the cutting of the huge birthday cake. The majority of the past commanders are living in Kingston but a few have gone to other fields. Past Commander George W. Potter, now living in Tannersville has signified his intention of being present. It is also hoped that Edmund C. Dittus, the first commander of the post, will be among those present.

The program of the evening as outlined includes assembly and dancing until 9:30 p. m. At this time, after the singing of the National Anthem by Miss Dorothea Groves, Commander Harry L. Kirchner will welcome the guests and introduce Past Commander Heiseleman. The mayor in turn will introduce Past National Commander Spafford, who will have a short message. At the conclusion of Spafford's message, the cutting of the birthday cake will take place.

At 10:30 p. m. a New York floor show under the direction of Alfred Skea will go on. The program for the show has not been received from Mr. Skea, but he has promised an excellent show featuring celebrated artists of stage, screen and radio. Dancing to the swing tunes of the Aviator Swing Band and the national commander's message via radio are also on the program. A real legion fun and frolic with the renewing of old acquaintances will follow.

Tickets for the affair can be secured from any of the members of the committee or at the Legion Building, Connolly Drug Store, Young & Hess, United Cigar Store and Rabin's.

#### Wife Questioned

Mrs. Richard J. Whitney, (above), wife of the senior partner of the Richard Whitney & Co., suspended and bankrupt Wall Street brokers, was rumored to have been questioned in one of several official investigations into conduct of the firm's business.

#### STONE RIDGE

Stone Ridge, March 11.—Mrs. Louis D. Sahler is a patient at the Benedictine Hospital in Kingston, where she underwent an operation on Tuesday morning. Her many friends wish her a speedy recovery.

The Christian Endeavor of the Reformed Dutch Church will hold a committee meeting at the parsonage next Monday evening to make plans for the Apple Blossom Festival.

Mr. and Mrs. Ladrence Larsen were entertained on Sunday at the home of Mr. and Mrs. Victor Van Wagenen.

Mrs. Sanger Carlton, president of the Kingston Junior League, was hostess on Monday afternoon to the members of the league.

Mr. and Mrs. Oscar Turner of Nyack were week-end guests of Mr. Turner's parents, Mr. and Mrs. Ira Turner.

Mr. and Mrs. George Weeks were guests of Mrs. Nettie Lockwood and family on Wednesday evening.

Mrs. Charles Bogart is ill at her home.

Joseph Hunt and his brother-in-law, Harry Arustein, arrived at Edgewater Camp on Monday after spending the winter in the southern states.

Mr. and Mrs. L. T. Hobart and niece, Sally, of New York city, enjoyed the week-end with Mrs. Hobart's mother, Mrs. Sadie Snyder.

Mr. and Mrs. DeForest Bishop had as their dinner guest on Tuesday evening Mrs. Edna Kennedy of Kingston.

Sunday services at the Reformed Dutch Church will be as follows: Church school at 10 a. m. with L. D. Sahler as leader. At 11 o'clock the pastor, the Rev. Harold Hoffman, will speak on "The Closing Hymn."

Miss Kathryn Hushon and Miss Anna Buddenback entertained at their home, "The Shop in the Garden," a number of guests to an informal tea in honor of their house guest, Mrs. George Kosmak, of New York city.

Litany and sermon at St. Peter's Episcopal Church on Friday evening, conducted by the Rev. Father Muller.

The Kingston Pilots will meet the Stone Ridge team in basketball on Friday evening at the Stone Ridge Grange Hall. The game will be followed by a dance.

The Ladies' Missionary Society of the Reformed Dutch Church will be entertained on Wednesday afternoon, March 16, at the home of Mrs. Herbert Sehmer. All those who have not yet returned their dime cards will kindly do so before the meeting.

Mr. and Mrs. Abraham Abrahamson and daughter, Anna, of High Falls, were guests on Saturday evening of Mr. and Mrs. Lawrence Larsen and family.

The official board of the M. E. Church, with Oswald Jacobson as chef, will serve an oyster supper in the Sunday school room of the church on Wednesday, March 16, at 6 p. m.

Kenneth Davenport trimmed the large maple trees in front of

the residence of Luther Garrison this week.

The Checker Club will hold its next meeting on Monday evening at the home of Mr. and Mrs. Stanley Roosa. Samuel Wilbur and Kenneth Davenport are in the high score for the season.

The Reformed Church Ladies' Aid will hold a spring supper in the basement of the church on April 20. It is hoped many will reserve this evening, as a very tasty menu has been planned.

Mr. and Mrs. L. T. Hobart were guests on Saturday evening of Mrs. Nettie Lockwood and family.

Mrs. William D. Roosa is much improved.

Church school at the M. E. Church on Sunday at 10:30 a. m. with Oscar Wood as superintendent. At 11:30 o'clock the pastor, the Rev. Frederick Baker, will speak from the topic, "The Way, the Truth and the Light." At 7:30 p. m. union of the Reformed Dutch and Stone Ridge M. E. Churches. The guest speaker will be the Rev. Harold F. Schadevall, of the Kerhonkson Reformed Church.

Garage, Car Destroyed  
Fire, of unknown origin, destroyed a frame garage and a 1929 Ford coupe, at 58 Tubby street about 1 o'clock this morning.

The garage was owned by Joe Len, the building contractor, and occupied by Robert McCue, owner of the Ford Car in the garage. An alarm of fire was turned in from Box 55, at Foxhall avenue and Prince street.

### NEW PALTZ NEWS

New Paltz, March 11.—Inter-sorority games started with a bang Monday night when four teams met, two in the Training School gym and two at the Normal at 6:30 and 7:30. In the first of the series, Ko Sdon Ya emerged victor with a score of 19 against Pi Sigma's 10. Theta Phi took a beating from Agonian to the tune of 25 to 8 while Arethusa took over the Independents. Artemis made a ripping score over Clonion of 40-31.

The Delta Kappa Fraternity held its annual pledge banquet at the Tamney Hotel in New Paltz on Tuesday night. Approximately 45 persons attended. A chicken dinner was enjoyed.

John J. Farmer, Country Life Club president, lead a group discussion on "Development of the Rural Schools" at the club's monthly meeting Thursday night in the gym.

Dean Grace MacArthur attended the annual convention of the American Council of Guidance and Personal Associations at Atlantic City last week.

Thirteen new members were initiated into Sigma Pi Sigma on Wednesday evening. Those who attained the necessary requirements were: Emily Anderson, Claire Boynton, Ethel Kahn, Fredericka Vermilyea, June Mess-

ner, Yolanda Caporale, Gertrude Carroll, Alma Guthell, Frances Hallock, Marguerite Jeffrey, Georgina Maybury, Esther Thompson and Hugh McCaffrey. The faculty members of Sigma Pi Sigma, the scholarship committee and the faculty advisors of the various classes were also in attendance.

Dr. Arnold A. Verduin, head of the History Department, has accepted an invitation to teach at State Teachers' College, Buffalo, during the summer session. He will act as head of the Social Science Department.

The Normal School girls' basketball class tournament started on Monday afternoon and was played by a picked team from each class. Mildred LeFevre is the captain of the senior team. The juniors have selected Helen Fleischer as their captain and Helen MacElhenny heads the freshman team.

### What Legislature Is Doing Today

Albany, N. Y., March 11 (A. P.)—Today in the legislature: Senate meets at 10 a. m. and Assembly at 11 a. m. for perfunctory sessions only, permitting introduction and advancement of bills.

NO MORE WRESTLING WITH CLINKERS I'M BURNING "BLACK STORK"

### This Coal Rids You of Clinkers and Slate

BLACK STORK is washed clean of dirt. It's 99.77% slate-free — is all burnable.

BLACK STORK burns so completely that it leaves 10% to 26% less ash than other coals. It is far easier to control because it is always the same pure, 99.77% slate-free coal. Thus there are no clinkers

to clog the fire—to demand frequent grate-shaking and draft-changing.

It banks perfectly at night, then like "hi-test" gas picks up fast when you want quick heat mornings.

Phone us for a ton or half-ton — see how easy it is to control.

We have the right size for every heater, stove, magazine feed boiler or stove.

KINGSTON, N. Y., MAR. 11, 1938

### STATE LIQUOR REPORT

The State Liquor Authority in its annual report points out that the year 1937 has proved to be the most encouraging of the four years under the state's present system of liquor control. The decrease on local option contests is given as an indication that the Alcoholic Beverage Control Law is working satisfactorily.

Increased revenue, which indicates a decrease of bootlegging, some evidence that the youth of the state no longer think it smart to drink and the increasing indications of the effective control of liquor which the state exercises are mentioned as the evident proofs of the truth of the assertion that the past year was the most encouraging.

During the year the state was benefited by the receipt of \$19,173,005.38, money which, before the repeal of the 18th amendment found its way into illicit channels and was used to finance crimes against society. Today the money is used for the needs of the state and municipalities.

Against this revenue there was a budgetary appropriation of \$577,643.80 for the State Liquor Authority and \$472,739.49 for the 58 local or county boards throughout the state.

The report also states that the number of licenses has been limited and that drinking among young people has been decreased. There has also been a decided gain in favorable sentiment toward the law and its administration.

As the result of violations of the law many licenses were revoked or canceled. In 35 cases local proceedings were instituted to review the determination of the State Liquor Authority. In each proceeding the determination was confirmed. Nine proceedings were also instituted to review the disapproval of applications for licenses. In these proceedings the decision of the Authority was also upheld by the courts. This makes the second consecutive year in which the courts of this state have unanimously affirmed the action of the Authority in all cases when licenses were either revoked or canceled or when applications for licenses were disapproved.

The attitude of the liquor industry toward the law is important. It is reported that the large majority of those who have invested in the liquor business want the business to have the best trade and social practices. A certain percentage who are jeopardizing their own investment and that of many others by failure to obey the law and cooperate with the authorities, should have their licenses canceled.

Strict enforcement of the present law will greatly assist in arriving at the problems still to be worked out.

### PLACE NAMES.

It is said that Kennebunkport, Me., has been Kennebunkport for one hundred years. But there seem to be people who have looked up the records and say that it was originally "Arundel". They propose that the older name be restored now. The final decision will be reached in town meeting, but the preliminary discussion is pretty warm. Kennebunkport's famous authors are divided in opinion. Margaret Deland wants the name "Arundel" revived. Booth Tarkington finds the present Kennebunkport "an old and honorable name, full of character," and confesses that he would regret its change.

Here is an example of present-day instability cropping up in a stronghold of tradition. There must be some point in the life of a community when its name and the spelling thereof should be

change permanent. The many changes in the maps of Europe have become annoying to persons whose days of studying geography are past and who would like to find what they learned still useful. It is not the chances in boundary lines that are most distressing, but the revival of nationalist spelling and the reversion to ancient and forgotten names.

### MINORS' READING

"Tom Sawyer" and "Little Women" remain the most popular among readers under 21, according to the editor of a popular magazine after a survey of its readers. It is not a bad selection, although critics would not class the two on the same literary level. But it raises a lot of questions in the Missourian mind.

Who reported on the popularity of those books—their actual readers, or the parents, teachers, and librarians? And what of "Huckleberry Finn" and "Treasure Island"? What is meant by "most popular"—best liked of all books read, or books read by the most persons? In spite of carping questions, it is pleasant to find young people reading something more than the comic strips and fan magazines.

Who reported on the popularity of those books—their actual readers, or the parents, teachers, and librarians? And what of "Huckleberry Finn" and "Treasure Island"? ## EMPIRE FOR A LADY

Chapter 46  
Ending in Mystery

SOMETIMES, Christine told me, she had sent Tenyang scouts ashore, and what little she knew, aside from the fragmentary information Clyde wrote to her, she had obtained in this way. But she only sent them when the suspense became unbearable, because some of them did not come back. By their reports she had heard of my first successes in the Tomarrup, and knew that the Dyaks now called me the Tuan Darah.

Presently, though, there had been no more news of me, and they had begun to say that I was dead. Two weeks ago she had sent a prau manned by 11 Tenyang to search for me in the Tomarrup. This was in direct contradiction to Clyde's orders to them, but though she could not make them go to Balingong to face Clyde in their disobedience, she had been able to make them go to the Tomarrup. They were gone a long time, and came back saying that they had found my abandoned prau, and dead men floating without heads in the river, and that they were sure I was dead.

Immediately she had sent another prau, with orders that they should stay in the Tomarrup until they had found whatever remained in existence that was mine. They were not to come back until they had either found me or could bring definite proof that I was dead. This

was smoke. To me it was simply one more foreboding sign of something that was happening, but the meaning of which we could not know. Then the dark closed over us like the shadow of a looted sail, and I was glad to be gone. At the last I thought of asking Christine for something of hers to take with me; it seemed to me I would feel better up there, in case I did not come back. But I hesitated, and then did not ask her, for it occurred to me that nothing was needed. Here was my hand that she had pressed against her cheek, and here was my mouth, but she had kissed me. What more could I want than that? I grinned at her—or thought I did—and swung down into my bunk.

That passage up the Siderong now was like none I had ever made before. I had come there first in Clyde's longboat, through the thudding of Dyak drums and the flicker of thrown spears; after that I had gone up to sit sweating on a stockaded wall, while Mantusen's paddlers took to their oars, swagging and insolent, even in defeat. I had ridden that river when starlight and the odor of ginger blossoms had been the muted background for Christine Forrester's face. But the Siderong had now become the gaping mouth of the unknown.

Ghost River  
FOR this was a ghost river. The night was so black that you knew where the surface of the

water was only by the soft ripple of the paddles. The sky retained no more than the faintest gray tinge of starlight filtered through mile-deep clouds; by this alone could you tell the black wall of the jungle from the black wall of the night, so that I wondered by what magic the quiet paddles of the Dyaks were able to find their way through the river.

That strange silence of the river troubled me most. Here on the water I could smell the smoke from upstream, pressed down upon us by the heavy dew. That smoke had an acrid, mouldy odor, strong with nipa thatch, I thought I could feel its slow, heavy streamers brushing against my face. But in the jungle I could hear nothing at all, I had learned to hate the eternal agonies; but now that they were still, this unaccountable deathly soundlessness was a thousand times worse.

The quiet seemed to give way before us and then close behind, locking after us bank upon bank with a finality as deadly as if log booms had been drawn across, chaining us into the river.

By the turn of the river I knew when we passed the stockaded narrows, where Christine had told me Rentongen held the river. We passed cautiously, expecting anything; but when we remained absolutely unchallenged, my fearful puzzlement increased. I could not imagine any way to account for the abandoned Malay defenses.

Except for the thickening reek of the smoke, it would have seemed as if the encroaching jungle had retaken a town many years abandoned. I thought of cholera, and wondered if a sudden stroke of the black plague could have sent the people fleeing from their angry gods. That seemed unlikely. Dyaks will sit around wailing in the middle of an epidemic until most of them are dead, without the sense to move to a cleaner place. I said nothing to my paddlers, but they too were bewildered. I could sense their superstitious dread in the faltering of their stroke.

### HE'S LICKED BIGGER JOBS THAN THIS

—BUT WE'LL SOON HAVE THE 'BUSINESS AS USUAL' SIGNS OUT—AS USUAL!

### BABSON on BUSINESS

THE DILEMMA OF SMALL BUSINESS

Babson Says Small Businesses Need Help in Financing  
Babson Park, Fla., March 11—One of the big reasons why the 1937 prosperity did not "catch" was the dearth of new expansion and new enterprise. Building new factories, installing more efficient equipment, introducing novel products, and the like, should offset the losses from decreasing industries. Before these things happen, however, people with money must be willing to risk it by financing such new industries. They must not prefer just to "sell" it away in government bonds. What the United States needs today is not that kind of salt, but the right kind of pep.

The necessary confidence to take risks was lacking in 1937. It has been lacking ever since 1929—and it is still absent today. There are many reasons why, but the principal one is the money and bookkeeping policy of the Federal Government. New capital financing is practically nil at the moment. Underwriting profits are so small and the liabilities under the Securities Exchange Act so severe, that it takes a brave "house" to tackle a piece of new financing. So there are very few new loans being floated now.

Hard to Get Capital  
Most of the big companies do not want new capital at present anyway. Like the people who have the money to invest, they are afraid to make new commitments right now. They are "sitting tight" until Congress repeals or greatly modifies the Undistributed Profits Tax. On the other hand, there are a number of small business concerns who say they need "new money." These little fellows aired their troubles at Washington last month. They listed the difficulty to get new capital as one of their major problems. They feel that if no one else will, the government should help them in getting their needed capital.

These small businessmen want varying sums—between \$10,000 and \$250,000—but they cannot get money either from commercial banks or from investment bankers. Commercial banks nowdays prefer to make loans of only 30, 60, or 90 days. They do not want to lend substantial amounts for four or five years. The depression taught them that commercial banks should make only short-term temporary loans. Many of these small businessmen do not realize it, but what they really need is more permanent money rather than temporary borrowing. This additional capital should be secured by issuing and selling more stock in their concerns.

Cannot Sell New Securities  
In the money market, however, the small corporation finds such financing almost impossible. Under the Securities Exchange Act, most new securities cannot be issued without filing a great mass of detailed data with the commission. Furthermore, the issue has to be okayed by the Blue Sky authorities of each individual state in which the securities are to be sold. Hence, legal and accounting fees wipe out the meagre investment banking profits on small issues. Furthermore, underwriters in New York City or Chicago are not crazy to sell a new security issue of a pants company in Okolona, Mississippi, or a mining outfit in Eureka, California.

With the closing of these two major avenues for new capital—commercial banks and capital markets—small business has only two alternatives left. One is the loan shark, who specializes in loans to little companies and who charges a tremendous rate of interest. The other is the time-honored and most sensible approach—by selling bonds or stock to local businessmen and invest-

### Man About Manhattan

By GEORGE TUCKER

NEW YORK—Burlesque is dead, killed by an over-dose of publicity and political, and while the remains are being suitably buried, let us turn to a more interesting and profitable subject, and give thanks to H. M. Alexander, who autopsied the corpse and wrote a fascinating book on what made burlesque tick.

This is a slight well-knit tome entitled "Strip Tease—The Vanquished Art of Burlesque." It is at once a handbook and an elegy. He must have dug through a hundred old trunks, interviewed scores of chorus girls, pinned the bug on all the big producers, there are some of the fascinating but little known facts about a form of theatrical entertainment that no longer exists.

UNTIL five years ago burlesque was a hit-and-miss proposition, then came Gypsy Rose Lee and the strip-tease profession was in full flower. Good strip-teasers earn from \$80 to \$150 a week. . . . The first strip-teaser was Salome, who asked for the head of John the Baptist.

The burlesque show always chose a risqué title, preferably a parody on some legitimate show. For instance, a week after the musical "At Home Abroad" opened on Broadway, burlesque came out with "A Broad at Home." Shakespeare's "Anthony and Cleopatra" became "Anatomy and Cleopatra." . . . The "Folies Bergere" became the "Folies Brasiere."

Burlesque also had its own lingo, and in back-stage vernacular anything cacky was smutty or dirty. . . . If a skit was a funny girl showed a trapeze artist in learning lines, he was a "litter-head." . . . A lush was a drunk. . . . A stooge who took the falls was a Third Banana.

THE big bosses of the burlesque business at the time the commissioners summarily executed it were the Minsky brothers—Billy, Abe, Herbert and Morton. . . . They are college men and have been profiting for the New Yorker. They lured the high-brow to their theaters and made a practice of dropping tickets at the Harvard Club and similar places.

If a girl's dress was low in the back it was "an understating differential." . . . The "slingers" were the tease dancers themselves. . . . Being busy, they seldom had time to shop, and so a routine of salesmen regularly called on all the theaters. One sold only the stone-gadgets, which at conclusion of a dance became the sole bit of wearing apparel left; another handled the lace pants so popular in burlesque. . . . A third carried the incidentals that chorus girls have a yen for.

Mr. Alexander has really got something here. His book points out the axis on which the whole industry turned. . . . It is a snappy picture of what really went on behind the scenes, and, more important, it is darn entertaining reading.

By MARY GRAHAM BONNER

"YOU can't do this trick," shouted the monkey.

"I don't see that what you are doing is any trick," answered Christopher boastfully.

"Then you try jumping from branch to branch, leaping around and always catching the trapeze or branch in time," returned the monkey.

Christopher Columbus Crow was feeling very much pleased with himself. He had not been rude, he had gathered a good deal of information, which would tell the Puddle Muddlers later on. He would be able to recognize a number of monkeys and from what families they came—should he see any later on.

But now the monkey was seeming to make sport of him, and Christopher did not like it.

"You talk to me like that," cawed Christopher Columbus Crow. "You have a body and you have a tail but I have wings, wings, wings."

"You have wings, wings, wings," repeated all the monkeys in the yard.

They had not been paying much attention to the crow while he and the Rhesus monkey had been talking.

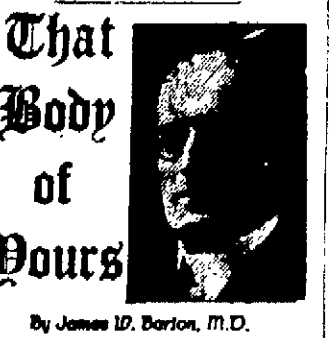

They had continued to chase each other, leap from trapeze to branch.

But now they knew the Rhesus monkey was through with his story and that he wanted to play. More than that—he wanted to show that Christopher could not do everything.

"You have wings, wings, wings," the monkeys all said again, in their shrill, chattering voices. Christopher Columbus Crow wished he had not boasted at all. They, too, knew about pranks.

Tomorrow—"Christopher's Fall"

St. Patrick's Cafeteria Supper  
The Ladies' Aid Society of Union Center Chapel will hold its annual St. Patrick's cafeteria supper in the chapel on March 15, starting at 5:30 p. m. The menu will consist of ham, corned beef, mashed potatoes, scalloped potatoes, salads, baked beans, carrots and peas, deviled eggs, cottage cheese, pie, cake, jelly, tea, coffee and ice cream. Generous portions at a very nominal price. Everybody welcome.

#### ANGINA PECTORIS

I write often about angina pectoris—breast pang—because it not only frightens the patient but frightens the entire family as these "heart attacks" are distressing to endure and even to watch.

There is a strangling, vise-like pain in the chest over the heart or under the breast bone which is brought on by physical effort (exercise) or emotional disturbance. It lasts but a short time during which the patient stands in whatever position he happens to be at the time and as he stands with his hand over his heart, he has the feeling that if he makes the slightest move it may be his last.

Angina pectoris is often caused by the heart muscle (the muscle which pumps the blood from the heart to all parts of the body) not receiving enough blood from the little blood vessels which supply the heart muscle with blood from the general supply as it circulates throughout the body. Naturally if the heart muscle does not get enough pure blood it cannot work the pump the blood from the heart to all parts of the body, and so no movement is made by the patient to make the heart muscle do any work until it gets a little more pure blood into it with which to continue work. Thickened walls of aorta also cause many attacks of angina.

These attacks of angina pectoris are really "life savers" because the individual learns what is likely to bring on an attack—heavy work, excitement, a fit of anger or other emotional disturbance—and so by living carefully he is enabled to live a useful and often a long life. Thus Dr. Robert S. Berghoff, Loyola University, in Illinois Medical Journal, states that there is much evidence that the prognosis (final outcome) as to life in angina pectoris is good.

Sir James Mackenzie stated, "Of 147 patients, one lived 31 years after his first attack, three lived 25 years; one 20; seven more than 15 years and 21 for more than 10 years. Thirty-three lived more than 10 years and at the time the book was written 16 were still alive. Most of these patients, too, lived useful lives."

Most angina patients carry little pills (the glass tubes) of amyl nitrite which can be easily broken in a handkerchief and inhaled, which soon ends the attack.

# Deciding Game Monday in the Church League

St. Mary's and the Comforters clash in the third and deciding game of the Church Basketball League playoffs Monday night on the Y. M. C. A. court. The winner will be crowned champion for the 1932-33 season and be awarded the Sheriff A. F. Molyneux trophy.

Both quintets will be at full strength for the championship battle. The clubs will be geared to a high pitch with the league championship at stake. St. Mary's won the first game of the series 28-19. With the return of the Rev. Cornelius Myles to the lineup for the second contest the Comforters expect the series to be a high pitch with the league championship at stake.

The Comforters with Myles back in the lineup looked like a different ball club. A sensational performance by Andy Dylis clinched the second game for the Comforters. His long shot in the second extra session gave the Comforters a victory. Dylis teamed with Chipe Rhysier and Myles form the nucleus of the Comforter attack. Jack Purvis and Les Harding round out the Comforter five.

The Irish will have Coughlin and Albany forwards. Gilday at center, with Don Kelly and Knute Becher in the back court in Monday's contest.

The largest crowd of the season is expected to throng the "Y" galleries for the championship game. The main contest has been set for 9 o'clock with a preliminary game at 8.

## Baer and Farr in 15 Rounds Tonight

New York, March 11 (AP).—Max Baer and Tommy Farr pop out of the files of the "ho, hum" department and tangle for 15 rounds or less in Madison Square Garden's ring tonight.

Tommy is a 7 to 5 favorite to repeat his 1927 London victory over the playboy "papa", but the real heroes of the affair will undoubtedly be those unsuspecting members of the title faithful who sit and watch the thing. Promoter Mike Jacobs figures some 17,000 cash customers will contribute to a gross gate of \$75,000—but he'll settle for less.

There's talk that the winner of tonight's go will get a crack at Louis or Schmeling, or will receive some similar reward. But the fight itself, so far as importance in top flight circles is concerned, comes under the head of "what's the use?"

## Berg Even Choice Against Miley

Brainerd, Fla., March 11 (AP).—Betty Berg went after her fifth victory of the winter golf season today, but at best she was only an even money choice to succeed.

Opposing her in the finals of the Brainerd women's event was Marion Miley, playing some of the best golf of her career.

## Kelly's Corner

Ralph Mann Can Pick 'Em—Six Teams Sign For "Y" Tourney

By Joe Kelly

Joe Gordon, the Phenicia drug-gut was worried about the Col. nals last Wednesday. . . . When the Sphas were ahead, Joe expressed his feelings to a reporter. "We're away off color and the Sphas are as hot as a potato." . . . But, Gordon don't know his hot potatoes, evidently. . . . But, he's a good sportsman. . . . So Joe McGraw, another Phenicia resident who sees all the games. . . . They get around to the boxing shows too. . . . So does Sid Elvser, Fleischmann's insurance man. . . . Dick Williams, the old baseball pitcher is getting his arm in shape at the auditorium writing orders for reserved seats. . . . Amos MacCreary helps him. . . . He whistles while Dick works. . . . They could use a couple of dwarfs. . . . They'd give Snow White to Sammy Ribber to use in his ballyhoo car. . . . Barney Ferraro, who thought last week's boxing show looked black on paper is boosting the one for Friday, the 18th. . . . Hope he not wrong again. . . . Ralph Mann, ex-admiral, and an old sportsman, is the boy who can pick the matches ahead of time. . . . He's seldom wrong on forecasting the winners into the bargain. . . . Chuck Lenke reports his amateur basketball tournament shaping up well at the Y. M. C. A. . . . Six teams have entered. Tuesday, March 15, is the last morning for entries. . . . Henke deserves a lot of credit for soliciting entries from teams all around Ulster and Greene counties. . . . Sonny Arnold is the guy who makes all that noise on the basketball bleachers at the basketball games. . . . Does he like the referees? . . . A good match for Sammy Ribber's boxing card some time: Van Haver and Eddie Gottlieb of the Sphas. . . . They'll never beat Buddy

## Ponzi, Mosconi Are Undefeated

New York, March 11 (AP).—In a room that two-man battle between Andrew Ponzi and Willie Mosconi for the leadership of the world's pocket billiards championship tournament won't be settled until the two have battled in Philadelphia, Ponzi is in direct combat.

## Sons of Legion Trim Elks 37-28

Led by Andy Murphy and Gus Brinkner, the Sons of the Legion, defeated the Elks, 37-28, this week at the municipal auditorium. The veterans' boys took command early and held the lead throughout, with Ted Brock featuring the line guarding and ball handling.

High scorers were Murphy with 11, Ted Brock 10, Halstein 2, Murray 2, Sanford 2, total, 27.

Elks—Kreppel 7, Shultis 13, Sapp 6, Stauble 6, Williams 9, Toffel 1, Relyca 2, Rann 2, Tettelman 6, Van Valkenburg 0, total, 28. Referee, Carpio; timekeeper, Myers.

## Smith Conceded Hollywood First

Hollywood, Fla., March 11 (AP).—The boys who play golf for money, today virtually conceded first place in the \$2,000 Hollywood open to Horton Smith.

Smith, apparently back in form, started today's 36-hole grind six strokes in front with a score of 131, eleven shots under par.

Next to Smith, with a pair of rounds that would have placed him on top in many a tournament—69—was Ed Oliver of Wilmington, Del. Jay Lafoon of Chicago and Frank Moore of Manaroneck, N. Y., with 67's to show for their second rounds, promised to give Oliver a tussle for the runnerup prize.

## Preparing to Swing

AT BATON ROUGE, LA. Four New York Giant batters greased their paws for action. Left to right: Berger, Leslie, Chiozza and Jo-Jo Moore.

## Wieber & Walter Bowlers Win International Division Alley Title

Wieber & Walter is the championship team of the International Division of the Y. M. C. A. Mercantile bowling league. The final games have been rolled at the "Y" alleys and the results show the Plumbers out in front by the widest margin ever gained in a "Y" league.

There are a few postponed matches to be played but the outcome can have no effect on the first place winners and as there is no prize for the second place teams the final standings will undoubtedly be the same.

As far as individual performances are concerned, Milt Buddenhagen of the Freeman team takes the high average prize with 150 for 56 games, while Jimmie Qualters of the second place Fullers No. 2 team cops the glory for the best single with a 208.

Joe Brown of the Ballentine No. 2 team had an average of 153 and a high single of 212 but due to the fact that he did not start bowling until late in the season and has not completed half of the total games he is ineligible for the prizes offered for either of his accomplishments.

Of course, if the postponed games are rolled there is a possibility the high single prize may go to someone other than the Fuller No. 2 ace but aside from this possibility there can be no other changes in the standings.

The International League was composed of mostly new teams, of new bowlers. Old-timers in league competition say they made a splendid league, and that next year every one will be a potential winner in any "Y" league.

Team	W.	L.	Pct.
Wieber & Walter 1	12	0	1.000
Fuller No. 3	3	1	.632

## 17 N. Y. Teams In ABC Tourney

Chicago, March 11 (AP).—Seventeen New York state teams, nine of them from the bowling hotbed of Syracuse, invaded the American Bowling Congress today. The New York delegation was the largest eastern contingent since the tournament began eight days ago.

Only Chicago legions, most of them of the booster class, have been in the firing line this week. Aside from the Syracuse teams, four from Oneida, two from Auburn and one each from Groton and Brockport will shoot the leadership of the five-man event.

No figures were raised yesterday, though both singles and doubles leaders were endangered.

## Kingston A. A. Is Champ Y. W. Five

The deciding game in the Y. W. C. A. League for young employed girls was won Thursday night by the Kingston A. A. over the Unnamed Five, 8-6, as Miss L. Tompser scored her field basket in the last half minute.

The scores:  
Kingston A. A. (8)—R. Parslow, rf. 0; L. Wolf, cf. 0; M. Butler, lf. 0; R. Tremper, ig. 4.  
Unnamed Five (6)—E. Glass, rf. 1; M. Wood, lf. 0; M. Buddington, c. 3; L. Kieffer, rf. 2; S. Buddington, lf. 0.

Score at half time: Unnamed Five 1, Kingston A. A. 6. Fouls committed: Unnamed Five 6, Kingston A. A. 3. Referee, C. Fox. Timekeeper, E. Partlan.

Track Meet.  
South Bend, Ind., March 11 (AP).—A band of 192 tracksters from 18 schools will start an attack on Central Inter-Collegiate Conference indoor track records tonight at the 12th annual renewal of the competition. Notre Dame is east in the role of defending champion and also ranks as the favorite to repeat.

## Chi Cyclists Are In the Lead Now

Los Angeles, March 11 (AP).—Chicago's Stanley Caddim and Albin Jera today led the amateur six-day bicycle race at the Pacific Auditorium by ten points over Charlie Morton and Jimmy Matthews, California champions.

The contestants, reduced from the original 14 to 10 teams, had covered approximately 300 miles or 3,000 laps.

## WRESTLING LAST NIGHT

(By The Associated Press)

Reading, Pa.,—Jesse James, 190, Hollywood, Calif., pinned Gino Martinelli, 200, New York, 56:45.

Hartford, Conn.—George Kovarly, 218, Hollywood, Calif., threw Pat Riley, 211, Texas, two straight falls.

Providence, R. I.—Steve Passes, 200, Hartford, and Johnny (Droptick) Murphy, 210, Boston, drew, one fall each.

## Open Season for Beaver

Albany, N. Y., March 11 (AP).—A 15-day open season for the trapping of beaver, between March 15 and March 31 in 12 upstate counties was announced today by State Conservation Commissioner Lithgow Osborne. Beaver may be trapped between the specified dates in Rockland, Orange, and Putnam counties. No person, the commissioner said, may trap more than six animals during the season or operate more than 10 traps.

## In The Swim

AT ST. PETERSBURG, FLA. Joe McCarthy, New York Yankee manager, relaxed at the beach.

## Charley Raigins Against DeFriest

Friday night, March 18, will bring Charley "Honeyboy" Raigins back to the municipal auditorium in a return bout with Billy DeFriest, of Albany. The Saugerties bomber holds one victory over the capital city slugger and counts on making it two in a row next week when they scramble for three rounds.

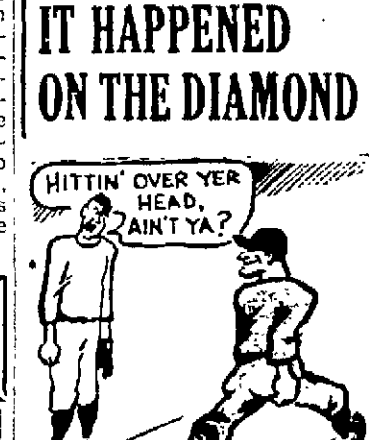

## Sailfish Succumbs to Samsonville Man

Charles Brust, owner of the Ethelene Barn, Samsonville, accompanied by his wife and Eustace Gray, of Samsonville, and Miss Seene, who have been trying their hands at fishing since the beginning of the season in the gulf stream at Miami, Fla., is shown with an 86-pound sailfish, which he brought in on a 50-pound reel-line. The thrill of the catch, Mr. Brust states was the "play" the fish gave him for an hour and 10 minutes. Mr. Gray takes the credit for gaffing the fish. Up until the landing of the sailfish, their catch had consisted of red snappers, kings and mackerels, running from five to 10 pounds, but the big fish they say has more than paid them for their efforts in the past.

## IT HAPPENED ON THE DIAMOND

HITTING OVER YER HEAD, AIN'T YA?

ALEXIS KAMPOURIS of Cincinnati—Not Ott or Medwick or Mize—was the only National league batter able to get three home runs in one game last season. He did it in Philadelphia May 9. His teammate, Lombardi, belted 6 for 6 that day.

## The Weather

FRIDAY, MARCH 11, 1938

Sun rises, 6:21; sets, 6:00.  
Weather, clear.

### The Temperature

The lowest temperature registered by The Freeman thermometer last night was 18 degrees. The highest point reached up until noon today was 28 degrees.

### Weather Forecast

New York city and vicinity—Partly cloudy and warmer tonight and Saturday. Fresh south-west winds moderating Saturday. Low-est temperature tonight about 25.

Eastern New York—Mostly cloudy and warmer on the coast and probably light snow or rain and warmer in the interior tonight, Saturday fair and warmer.

FAIR AND WARMER

### Bitten by Dog.

Leonard Van Wagonen of 30 Chambers street was badly bitten by a dog on Thursday evening. Police headquarters was notified by Arthur Dumond, who said he was calling for Mr. Van Wagonen, who, he said, was in bad shape. He was advised to have Mr. Van Wagonen removed to a hospital for treatment.

## Wicks Will Seek Release of Measure

Albany, N. Y., March 11 (AP)—Republican Senators, growing apprehensive as final adjournment nears, planned today to force a showdown on a proposal for a constitutional amendment to assure sufficient future funds for highway improvement.

The measure, adopted by the Republican-dominated assembly two weeks ago before it approved Governor Lehman's bill for retention of the full four cents a gallon gasoline tax, stipulates that the first three cents and all motor vehicle registration fees be set aside for highway construction and maintenance.

Senator Arthur H. Wicks, Ulster county, said he would seek release of the Republican-sponsored proposal from the Senate judiciary committee next Tuesday so that it can be put to a floor vote.

Meantime, both Senate and Assembly completed the week's work as leaders mapped plans for winding up the 1938 session some time next week.

Although the Assembly has fixed the adjournment date for Wednesday, Capitol observers believe the final gavel will not fall before Saturday.

Senate action on adjournment has been delayed pending attempts by administration leaders to muster sufficient votes to assure approval of Governor Lehman's bill to permit savings banks to sell life insurance. This far, only 17 of the 29 Democrats are reported in favor of the proposal.

Republican leaders have announced they will not furnish the remaining nine votes necessary for passage.

Nearly 200 bills are ready for action in both houses when the session resumes on Monday night, most of them of local and minor nature.

### 2 Rooms to Museum

New York, March 11 (AP)—Two rooms from the 54th street home of the late John D. Rockefeller, Sr., have been given to the museum of the city of New York and will be opened to the public March 23.

## WIFE CHARGES SPOUSE WITH ROBBERY

Maxwell Pearce (left) former Pittsburgh hotel manager, faces charges in that city of drugging, beating and robbing his wife (right) of \$150,000. His accomplice, his wife alleges, was a nurse, Margaret Gordon, of Cleveland.

## Verdict Reached In Auto Crash Case

After several hours of deliberation the jury in the Dixon-Park negligence action, which were tried in Supreme Court this week and sent to the jury Thursday afternoon, apparently came to an agreement. The jury began its deliberations about 2 o'clock after lunch and were still in the jury room at 5 o'clock. At that time Justice Bergan directed the jury to return a sealed verdict Monday morning at the opening of court.

The case apparently was a difficult one for the jury of ten men and two women to decide upon for it was not until 8 o'clock that a verdict was arrived at and the jury left.

Park and his wife sue Mr. Dixon in two actions for money damages growing out of an accident last May at Lister Park when a truck, driven by Buddy Limberson, localistic artist, and the Park car collided as the truck was entering route 9-W from a private driveway. Mr. Park seeks money damages for loss of services and for hospital and doctor's bills and Mrs. Park seeks damages for personal injuries and also for damage to her car. In the third action Mr. Dixon, local G. L. F. feed dealer, seeks damages to his truck which was badly wrecked.

The summations for Mr. Dixon was made by Andrew J. Cook who appeared for Dixon and Mr. Limberson who is also a defendant. Nathaniel Rubin appears for the Parkes.

## Cashin Chosen Ruler of Elks

At the meeting of Kingston Lodge, No. 550, E. P. O. E., Thursday evening Corporation Counsel John M. Cashin was nominated to head the lodge to succeed Dr. Joseph M. Rosenberg who is the present Exalted Ruler of the local Elks lodge. The election of officers will take place on March 21 and the new officers will be installed April 14. Other officers named last evening are:

William Rothery, leading knight; Sidney Plesser, loyal knight; Vincent G. Connelly, lecturing knight; William F. Edelmuth, secretary; Thomas Kennedy, treasurer; Martin J. Cashin, trustee; Richard Obenaus, tiler. Mr. Cashin and Dr. Rosenberg were named delegate and alternate respectively to the Grand Lodge convention.

Corporation Counsel Cashin prior to leaving Kingston several years ago to practice law in New York city had served in all of the other offices of the lodge but never elevated to the office of Exalted Ruler. Since his return to Kingston he has been very active in the affairs of the Elks and for the past year has served on the House Committee.

After instructing the jury to hand up a sealed verdict Monday Justice Bergan recessed the court until Monday morning. Because of a regular special term at Albany today Justice Bergan was unable to continue the term today.

## Lorraine Wood Celebrated 41st Year With City

Lorraine B. Wood, draftsman in the city engineer's office in the city hall, on Thursday celebrated his 41st anniversary as an employee of the city by working as usual at his drafting board on the third floor of the city hall. Mr. Wood entered the employ of the city on March 10, 1897.

At the time Mr. Wood entered the city engineer's office the late Henry E. Wieber was mayor of the city and Willoughby Klingberg was city engineer.

Mr. Wood is the oldest employee in years of service on the city's payroll.

During the past 41 years he has seen many changes in city government and has watched the city grow.

Mr. Wood has had charge of drawing the maps of the city and there is no man in the city's employ who is better acquainted with the location of the streets than he.

Sawkill Man Gets Five Days.  
In default of a fine of \$5, imposed by Justice John Watzka yesterday, John Cole, 55, of Saw-

kill, was committed to the Ulster county jail for five days. Cole was arrested by Deputy Sheriff Ray Wenne on a charge of disorderly conduct, following a disturbance at Sawkill.

Deputy Chief Improves  
Deputy Fire Chief Fred M. Levech, who received an over-dose of smoke, while rescuing a negro from a burning building at Steep Rocks on Wednesday, is reported as improving at his home and expects to resume his duties within a few days.
